

## Professional Summary

Experienced Quality Assurance Engineer with 7 years of expertise in software testing and quality assurance processes. Proficient in manual and automated testing methodologies, with a focus on ensuring the reliability, functionality, and performance of web and mobile applications. Skilled in test planning, execution, and defect tracking, with a strong commitment to delivering high-quality software products.

---

## Skills

- **Testing Tools:** Selenium, JUnit, TestNG, Postman
  - **Defect Tracking Tools:** Jira, Bugzilla, Redmine
  - **Programming Languages:** Java, Python, JavaScript
  - **Test Automation:** WebDriver, Selenium Grid, Appium
  - **Continuous Integration/Continuous Deployment (CI/CD):** Jenkins, GitLab CI, CircleCI
  - **Version Control Systems:** Git, GitHub, Bitbucket
  - **Agile Methodologies:** Scrum, Kanban
  - **Database Management:** SQL, MySQL, MongoDB
  - **Web Technologies:** HTML, CSS, JSON, XML
- 

## Professional Experience

### Senior Quality Assurance Engineer

*Software Innovations Inc., Testville, CA*

*June 2018 – Present*

- Led the testing efforts for multiple software projects, including test planning, test case creation, and execution, ensuring adherence to quality standards and project timelines.
- Implemented test automation frameworks using Selenium WebDriver and Appium, increasing test coverage and reducing manual testing efforts by 60%.
- Conducted performance testing using tools like JMeter and Gatling to identify and address performance bottlenecks in web applications.
- Collaborated with cross-functional teams to triage and prioritize software defects, facilitating timely resolution and release readiness.

### Quality Assurance Analyst

*Tech Solutions LLC, Testville, CA*

*January 2014 – May 2018*

- Performed manual testing of web and mobile applications, identifying and documenting software defects and ensuring product quality.
- Developed and maintained test cases and test scripts based on functional requirements and user stories, ensuring comprehensive test coverage.
- Participated in Agile ceremonies, including sprint planning, daily stand-ups, and retrospective meetings, contributing to team collaboration and process improvement.

- Assisted in the creation and maintenance of test environments and test data sets to support testing activities.
- 

## Education

### **Bachelor of Science in Computer Science**

*University of California, Testville, CA*

*Graduated: May 2013*

---

## Certifications

- ISTQB Certified Tester – Foundation Level
  - Selenium WebDriver Certification
  - Agile Certified Practitioner (PMI-ACP)
- 

## Projects

- **E-commerce Platform Testing:** Led the testing efforts for a large-scale e-commerce platform, including functional, regression, and performance testing.
  - **Mobile App Automation:** Developed automated test scripts using Appium and Selenium WebDriver for testing iOS and Android mobile applications.
  - **API Testing:** Conducted API testing using Postman and REST Assured to verify data integrity and API endpoints.
-
