Professional Summary

Dedicated backend developer with 7 years of experience in designing, implementing, and maintaining server-side applications and databases. Proficient in various programming languages and frameworks, with a strong focus on scalability, performance, and security. Skilled in collaborating with cross-functional teams to deliver robust and efficient backend solutions.

Skills

- **Programming Languages:** Python, Java, Node.js, C#
 - **Backend Frameworks:** Django, Flask, Spring Boot, Express.js
 - **Database Management:** MySQL, PostgreSQL, MongoDB, Redis
 - **RESTful API Development:** OpenAPI, Swagger, Postman
 - **Cloud Platforms:** AWS, Microsoft Azure, Google Cloud Platform
 - **DevOps:** Docker, Kubernetes, Jenkins, Terraform
 - **Version Control:** Git, GitHub, Bitbucket
 - **Security:** Authentication, Authorization, Encryption
 - **Agile Methodologies:** Scrum, Kanban
-

Professional Experience

Senior Backend Developer

Backend Solutions Inc., Backend City, CA

June 2018 – Present

- Designed and developed RESTful APIs for various applications using Django and Flask, ensuring scalability, performance, and security.
- Implemented microservices architecture using Docker and Kubernetes, improving deployment flexibility and resource utilization.
- Integrated third-party services and APIs for payment processing, authentication, and data synchronization.
- Mentored junior developers and conducted code reviews to maintain code quality and consistency.

Backend Engineer

DataTech Systems, Backend City, CA

January 2015 – May 2018

- Developed and maintained backend systems for enterprise-level applications using Java Spring Boot and Hibernate.
 - Optimized database queries and schema design for improved performance and scalability.
 - Implemented data caching strategies using Redis to reduce database load and improve response times.
 - Collaborated with front-end developers to integrate backend APIs and services into web applications.
-

Education

Bachelor of Science in Computer Science

University of California, Backend City, CA

Graduated: May 2014

Certifications

- AWS Certified Solutions Architect – Associate
 - Certified Scrum Master (CSM)
 - Oracle Certified Professional, Java SE 8 Programmer
-

Projects

- **E-commerce Platform:** Developed a scalable e-commerce platform with Django and PostgreSQL, handling thousands of transactions per day.
 - **Social Media Analytics Dashboard:** Built a real-time analytics dashboard using Node.js and MongoDB to monitor social media engagement metrics.
 - **Inventory Management System:** Designed and implemented an inventory management system with Java Spring Boot and MySQL for tracking stock levels and orders.
-

Professional Affiliations

- Member, Association for Computing Machinery (ACM)
- Member, Institute of Electrical and Electronics Engineers (IEEE)
