## Professional Summary

Creative and detail-oriented front-end developer with 5 years of experience in building responsive and user-friendly web applications. Proficient in HTML, CSS, and JavaScript, with expertise in front-end frameworks such as React and Vue.js. Skilled in translating UI/UX designs into code and optimizing web performance for maximum user engagement.

---

## Skills

- **Languages:** HTML5, CSS3, JavaScript
  - **Front-end Frameworks/Libraries:** React.js, Vue.js, Angular
  - **Styling Libraries:** Bootstrap, Material-UI, Tailwind CSS
  - **Version Control:** Git, GitHub
  - **Responsive Design:** Media queries, Flexbox, CSS Grid
  - **Web Performance Optimization:** Code splitting, Lazy loading, Minification
  - **UI/UX Design Tools:** Figma, Sketch, Adobe XD
  - **Testing/Debugging:** Jest, React Testing Library, Chrome DevTools
  - **Build Tools:** Webpack, Parcel
  - **API Integration:** RESTful APIs, GraphQL
- 

## Professional Experience

### Front-end Developer

*WebTech Solutions, Webtown, NY*

*July 2019 – Present*

- Developed and maintained front-end components for various web applications using React.js and Redux, ensuring high performance and scalability.
- Collaborated with UI/UX designers to implement responsive and visually appealing user interfaces based on wireframes and mockups.
- Optimized web performance by implementing lazy loading, code splitting, and image optimization techniques, resulting in faster page load times and improved user experience.
- Conducted code reviews and provided feedback to ensure code quality and adherence to best practices.

## Junior Front-end Developer

*TechCraft Studios, Webtown, NY*

*January 2017 – June 2019*

- Assisted in the development of front-end components and features for web applications using HTML, CSS, and JavaScript.
  - Participated in UI/UX design discussions and provided input on usability and accessibility considerations.
  - Implemented responsive design principles and cross-browser compatibility fixes to ensure consistent user experience across devices and browsers.
  - Collaborated with back-end developers to integrate front-end components with server-side APIs and data sources.
- 

## Education

### Bachelor of Science in Computer Science

*University of New York, New York, NY*

*Graduated: May 2016*

---

## Certifications

- React Developer Certification (React.js Academy)
  - Front-end Development Certification (freeCodeCamp)
- 

## Projects

- **Portfolio Website:** Developed a personal portfolio website to showcase projects and skills, built with React.js and styled with Tailwind CSS.
  - **E-commerce Website:** Contributed to the development of an e-commerce platform using Vue.js, integrating with RESTful APIs for product data and checkout functionality.
  - **Task Management App:** Built a task management application with React.js and Redux, featuring drag-and-drop functionality and real-time updates using WebSocket technology.
