ANMAR SAMMOUR

App developer (Android and Flutter)

☎ +970595351929   ✉ anmarsammour2000@gmail.com   📍 Ramallah – Palestine

ABOUT ME

App developer with expertise in Android and Flutter, proficient in Dart, Kotlin, and Java, focusing on user experience, constantly learning, and staying updated with industry trends.

EXPERIENCE

Flutter Online Training

Alexandria Company, Egypt
Nov 2023 – Feb 2024

- Gained proficiency in Dart, Widget, Flutter Responsive, API, state management "bloc cube", and Clean Architecture
- Designed mobile applications using Flutter

Freelance

2022- constant

I have experience in freelance work, where I have developed several Android applications including:

Harmony Chat Application

- Developed a real-time text messaging app using Kotlin, integrated Firebase Authentication, utilized Cloud Firestore for data storage, and implemented Realtime Database for seamless chat updates

Tic-tac-toe game

- Developed a mobile Tic-tac-toe game in Kotlin for Android, featuring single-player mode against a computer AI and a 2-player mode with real-time scoring.
